

15th International Summer School of Neurology

Virtual Congress

6-7 September 2020

6th September 2020

08:45 - 09:00 | *Welcome address*

Session 1 | Chairpersons - Natan Bornstein (Israel), Dafin F. Muresanu (Romania)

09:00 – 09:30 Post-stroke cognitive decline-current concepts and treatment approaches | Natan Bornstein (Israel)

09:30 – 10:00 Time is Brain, TIA as an Emergency | Natan Bornstein (Israel)

10:00 – 10:30 Secondary stroke prevention | Natan Bornstein (Israel)

10:30 – 11:00 Management of symptomatic carotid stenosis | Natan Bornstein (Israel)

11:00 – 11:10 *Session Break*

Session 2 | Chairpersons - Ovidiu Bajenaru (Romania), Cristina Tiu (Romania)

11:10 – 11:40 Challenges and opportunities in stroke recovery | Dafin F. Muresanu (Romania)

11:40 – 12:10 From neurobiology to evidence-based medicine concepts in neurorehabilitation after stroke | Dafin F. Muresanu (Romania)

12:10 – 12:40 Sleep disorders as risk factor for cerebrovascular disorders | Ovidiu Bajenaru (Romania)

12:40 – 13:30 *Session Break*

Session 3 | Chairpersons - Morris Freedman (USA), Max Hilz (Germany)

13:30 – 14:00 Clinical and anatomical approach to assessment of prefrontal functions in brain Disease | Morris Freedman (USA)

14:00 – 14:30 Diabetic Autonomic Neuropathy | Max Hilz (Germany)

14:30 – 15:00 Cerebral venous thrombosis: an illustrated story | Cristina Tiu (Romania)

15:00 – 15:10 Session Break

Session 4 | Chairpersons - Wolfgang Grisold (Austria), Johannes Vester (Germany)

15:10 – 15:40 Neuropathic pain – frequency, diagnosis and treatment | Wolfgang Grisold (Austria)

15:40 – 16:10 Clinical research within the framework of evidence-based medicine - methodological challenges and advances | Johannes Vester (Germany)

16:10 – 16:40 Updates on small vessels genetic diseases 2020 | Antonio Federico (Italy)

16:40 – 17:10 Brain injury exacerbates neuropathology of sleep deprivation. Superior neuroprotection by co-administration of TiO₂-nanowired with alpha-MSH and neurotrophic factors | Hari Shanker Sharma (Sweden)

7th September 2020

Session 5 | Chairpersons - Claudio Bassetti (Switzerland), Dafin F. Muresanu (Romania)

09:00 – 09:30 “Eppur si muove” - The evolution of Neurology from a diagnostic to a therapeutic discipline | Claudio Bassetti (Switzerland)

09:30 – 10:00 Pharmacological support in early neurorehabilitation after stroke – new evidences | Dafin F. Muresanu (Romania)

10:00 – 10:30 Motor and cognitive rehabilitation: similarities and differences | Volker Homberg (Germany)

10:30 – 10:40 Session Break

Session 6 | Chairpersons - Amos Korczyn (Israel), Stanislav Groppa (Rep. of Moldova)

10:40 – 11:10 Multiple sclerosis from epidemiology to treatment | Riadh Gouider (Rep. of Tunisia)

11:10 – 11:40 Non epileptic seizures | Amos Korczyn (Israel)

11:40 – 12:10 Status epilepticus, diagnosis and therapeutic strategies | Stanislav Groppa (Rep. of Moldova)

12:10 – 12:40 The infectious theory of Alzheimer's disease | Bogdan Popescu (Romania)

12:40 – 13:30 Session Break

Session 7 | Chairpersons Bogdan Popescu (Romania), Laszlo Csiba (Hungary)

13:30 – 14:00 Interesting stroke cases (with video presentations) | Laszlo Csiba (Hungary)

14:00 – 14:40 Bedside differential diagnosis of disturbance of consciousness with video-cases | Laszlo Csiba (Hungary)

14:40 – 14:50 Session Break

Session 8 | Chairpersons - Peter Jenner (UK), Cristian Falup-Pecurariu (Romania)

14:50 – 15:20 Continuous drug delivery in APD: Now and the future | Peter Jenner (UK)

15:20 – 15:50 Visual dysfunction in Parkinson's disease | Cristian Falup-Pecurariu (Romania)

15:50 – 16:20 Profile of patients with advanced Parkinson's disease suitable for device-aided therapies (DAT) | Jozsef Szasz (Romania)

16:20 – 16:30 Session Break

Session 9 | Chairpersons - Vitalie Lisnic (Rep. of Moldova), Catalin Jianu (Romania)

16:30 – 17:00 Different faces of myasthenia gravis | Vitalie Lisnic (Rep. of Moldova)

17:00 – 17:30 Pathophysiology and Management of Pain | Mihail Gavriliuc (Rep. Moldova)

17:30 – 18:00 Large giant cell arteritis with eye involvement | Catalin Jianu (Romania)

18:00 – 18:15 Concluding remarks

7th September 2020 – PARALLEL SESSION

Session 10 – Case presentations | Chairperson: Doina Cozman (Romania)

09:00 - 09:30 Introduction | Doina Cozman (Romania)

09:30 - 09:45 Incipient dementia | Anamaria Ciubara (Romania)

09:45 - 10:00 The improvement of somatopsychic and cognitive abilities in a post stroke case treated with neurotrophic factors - case presentation | Gabriela Marian (Romania)

10:00 - 10:15 The efficacy of neurotrophic factors in the treatment of mixed vascular and Alzheimer's dementia case with multiple chronic comorbidities | Radu-Virgil Enatescu (Romania)

10:15 - 10:30 Hypoxia induced neurocognitive disorder in early adulthood | Mihai Adriana (Romania)

10:30 - 10:45 The Potential of neurotrophic factors in the Treatment of Mental and behavioural disorders due to psychoactive substance use | Bogdan Atanasoaie (Romania)

10:45 – 11:15 Session Break

Session 11 – Case presentations | Chairperson: Doina Cozman (Romania)

11:15 - 11:30 The depressive episode treated with neurotrophic factors as an adjuvant medication | Mihai Cozmin (Romania)

11:30 - 11:45 | "Therapeutic efficacy of neurotrophic factors in an early-onset Alzheimer's dementia case" | Ligia Rob (Romania)

11:45 - 12:00 Therapeutic management of cognitive impairments | Vasile Daniel (Romania)

12:00 - 12:15 Therapeutic approach for the patients with neurocognitive impairment in psychiatric hospitals | Ciprian Bacila (Romania)

12:15 - 12:30 *Discussions*

12:30 - 12:45 Conclusions | Doina Cozman (Romania)
