15:40 – 16:10 Beyond traditional stroke rehabilitation
David Good (USA)

16:10 – 16:40 The introduction of comorbidities evaluation and clinical usefulness in rehabilitation of patients with severe brain injury
Caterina Pistarini (Italy)

16:40 – 17:10 Motivational aspects in neurorehabilitation
Dana Boering (Germany)

5TH OF SEPTEMBER

09:00 – 10:00 Neurological rehabilitation in times of SARS-COV-2
Volker Homberg (Germany)

10:00 – 10:10 **SESSION BREAK**

SESSION 5 | CHAIRPERSONS : Raad Shakir (UK)

10:10 – 10:40 General Neurology - History, imaging, pathology, discussions
diagnosis and management
Raad Shakir (UK)

10:40 – 11:10 Vertigo - Short cases; history, clinical procedures,
and red flags discussion
Sudhir Kothari (India)

11:10 – 11:40 Peripheral neuropathy - Short cases; history, clinical
examination, diagnosis, and audience discussion
Maria Balea (Romania) & Tudor Lupescu (Romania)

11:40 – 11:50 **SESSION BREAK**

SESSION 6 | CHAIRPERSONS : Raad Shakir (UK), Sudhir Kothari (India),
Hadi Manji (UK)

11:50 – 12:20 How to make a spot diagnosis in Neurology?
Raad Shakir (UK)

12:20 – 12:50 How to make a spot diagnosis in Neurology?
Sudhir Kothari (India)

12:50 – 13:20 How to make a spot diagnosis in Neurology?
Hadi Manji (UK)

13:20 – 14:30 **SESSION BREAK**

SESSION 7 | CHAIRPERSONS : Raad Shakir (UK), Sudhir Kothari (India),
Hadi Manji (UK)

14:30 – 15:00 Local case presentations from participants (3 cases)
Adina Stan (Romania)

15:00 – 15:30 Local case presentations from participants (3 cases)
Florina Moldovan (Romania)

15:30 – 15:40 **SESSION BREAK**

SESSION 8 | CHAIRPERSONS : Raad Shakir (UK), Sudhir Kothari (India),
Hadi Manji (UK)

15:40 – 16:10 Pain management update of neurorehabilitation
Adriana Sarah Nica (Romania)

16:10 – 16:40 Virtual reality in cognitive rehabilitation
Kristina Muller (Germany)

16:40 – 17:10 Understanding consciousness and its disturbances
Heinrich Binder (Austria)

17:10 – 17:30 **CONCLUDING REMARKS**
